

The Hudson Highlands Research Symposium

Call for Presentations

Monday June 23, 2025
9:30 – 4:30
Black Rock Forest, Cornwall, NY

[Black Rock Forest](#) is pleased to announce the 14th biennial Hudson Highlands Research Symposium, a forum to showcase current research and scholarship from or pertinent to the Hudson Highlands region. This 1-day meeting brings together researchers (including students, faculty, and practitioners) to foster networking and collaborations aimed to promote science, conservation, and education across the Hudson Highlands.

We are inviting abstracts for poster and podium presentations on research in ecology, natural history, archaeology, technology, biology, and conservation related to the Hudson Highlands. We encourage presentations on ongoing or completed work.

Presenters must submit a title, author list, abstract, and presentation type (podium or poster) to Research Manager, Katie Terlizzi (kterlizzi@blackrockforest.org) by **May 2nd, 2025** via the [online submission form](#). Presenters will receive 15 minutes for their talk with time for questions. Posters will be displayed all day with a dedicated midday session. Lodging options are available upon request.
